1. Overprint Format 1 - Figure 4 of 1914 (second line of the overprint) touching the design of the flag. Both lines of the overprint justified to the left
2. Overprint Format 2 – In the late afternoon of first day (19 Feb 2014) attempt were made by the Engineer to remotely correct the figure 4 of 1914 (second line of the overprint) which was touching the design by moving overprint to the left. In doing so the first line of the overprint created an indent but figure 4 of 1914 was still touching the design.
3. Overprint Format 3 - On the morning of the following day (20 Feb 2014) the Chief Engineer visited the Museum and rectified the above and also managed to get both lines of the overprint to justify left.
4. Both lines of the overprint justified to the left.
5. First line of the overprint indented.

Machine No ⇄	A001
Wed 20 Aug 2014 To Mon 20 Oct 2014	Machin – NO YEAR CODE Machin – MA13 Machin 2 <sup>nd</sup> Class – MA12 <sup>2&amp;3</sup>

1. First day of dual value (Euro 20g/World 10g) on Royal Mail Series II machine with **The B.P.M.A. Inland Airmail 1934 + Airmail Logo** overprint
2. On the first day, due to a technical problem, the machine could not print 2<sup>nd</sup> Class in collector strips of two (2<sup>nd</sup> Class + 2<sup>nd</sup> Large) instead strips of 6 (3 x 2<sup>nd</sup> Class + 3 x 2<sup>nd</sup> Large) to the value of £3.78 were printed. This was rectified on 27 August 2014. Collectors who wanted strips of 2 (2<sup>nd</sup> Class + 2<sup>nd</sup> Large) were given an option of handing over their collectors strip of six to the representative of IAR. In return collectors strip of 2 were printed using production machine at IAR's HQ. These machines have a capability of replicating and printing stamps of any Royal Mail Series II machines located anywhere in the country. In this instance the machine at IAR's HQ was set to replicate BPMA machine and collectors strips of 2 were printed and receipt dated 20 Aug 2014 which were sent to collectors. Collectors strips of 2 with receipt dated 20 Aug 2014 were NOT printed at BPMA
3. On 16 Sept 2014 due to technical glitch 1<sup>st</sup> Class and 1<sup>st</sup> Large were printed on 2<sup>nd</sup> class blue stamps. For detailed explanation visit <http://postagelabelsuk.com>

	Union Flag - NO YEAR CODE

1. Condensed text for "up to 100g" appeared on the first stamp (1st Class) of the collector strip of six. It seems that the reel might be tight in the printer and that it did not get up to full printing speed until after the first label had been printed.

1. Jersey stamps bought in UK incur 20% Vat (£4.21 + 84p VAT = £5.05 total payable). This is shown on the receipt
2. Guernsey stamps bought in UK incur 20% Vat (£3.62 + 72p VAT = £4.34 total payable). This is shown on the receipt
3. Only one roll of Machin MA13 was available during the duration of the show.
4. Single Lion design
5. First two collectors strips printed were without the **HM The Queen Longest Reign** overprint. The error was rectified immediately
6. This machine was used for printing pre order stamps and was not at the venue itself. Minimum order of £150.00. Stamps printed on B001 were also on sale at the Philatelic counter during the show
7. More details of this machine in Table 65 & 66
8. Stamps purchase via Jersey Post and Guernsey Post website
